Hi John/Karilee,

In advance of our meeting on Friday I wanted to share the presentation for review should you choose. On Friday I will walk through the recommendations and provide context to the theme of evolution and continuous improvement. The audit reflects well on our journey as a newly operating railroad and provides guidance forward to engrain these management systems into the organization.

I have also attached the report from the audit team should you choose to have a look as well.

Speak to you on Friday,

Brandon Richards, MBA
