George, no-worries. You see what is happening... The City wants Boxfish to run the procurement and they are putting the squeeze on you.

Thx George. I will be disappointed if I couldn't work on this project due to perception that it may cause the City. I hope that John Manconi will also weigh in on Nancy Schepers working on the project as well? Please keep me posted. Thx

Dan,

No word, but unofficially I heard that it is not looking positive.

I am in Ottawa next week, so I will find out directly, and then we can chat.

I am getting exhausted with all the silliness that is going on.

Hi Sherry, would you please coordinate a meeting for Thursday, October 13th to discuss options with Supply. We'll need a hour. If you can, would you please do a search for the Fairness Commissioner RFP that we used in 2009 on Stage One and attach it to the meeting request. Also, would you please work with Supply and get a copy of the RFSO for Fairness Commissioner and Procurement Specialist Services so we can review prior to the meeting.

Thx and have a peaceful Thanksgiving.

d

Importance: High

Shaloo,

I wanted to first introduce myself to you. My name is George Tapas and I serve as the Procurement Lead for the consultant team for Stage 2. I essentially report to Simon and we are working closely together to ensure that we have a fair and transparent procurement process. I also served in a similar role for Stage 1, so I am quite familiar with the City of Ottawa and the great staff that it retains.

The purpose of this e-mail is to communicate with you that Simon Dupuis has requested that we assist him in securing the services of the Fairness Commissioner as Stage 2 is moving ahead swiftly.

That said I have asked Dan Farrell, with assistance from Sherry Sani, to work together with you, Will and the City Supply Branch to advance and complete the procurement of the Fairness Commissioner. Dan, in his past role with the City, secured the Fairness Commissioner for Stage 1 and is well versed to help in this process. To help Dan I have asked Sherry (as a City employee and Stage 2 Procurement Team member) to aid, assist and liaise with you on this procurement.

We would like to host a meeting with you and Will at some point next week in our Stage 2 Offices downtown. Dan and Sherry will work directly with you to establish a convenient time for you and Will.

We look forward in working with you, Will and Simon to get this process completed, and tackle the next set of challenges that await!

Please also do not hesitate in contacting me if we can be of any assistance to you.

Thank You

All The Best,

George A. Tapas, PE, SE

Hello Simon,

I was able to get RFP for similar services and project with the City of Edmonton. Can you please review and build terms of reference with detailed description of required services, project description, Procurement Framework for LRT

(process overviews, details, communication plan, stakeholders etc.)? The appendices contain information that is similar to our current requirement.

This file was discussed with the senior management and I was advised to incorporate the following:

- gated criteria for experience with Infrastructure Services or Design Build Model for complex and comparable project;
- for the two stage procurement, RFQ may be carried out by the City and RFP may be carried out by IO Office. We would want the consultant to acknowledge and accept the above transition.

My director wants to know the time lines associated with this RFP (FC) and other major milestones associated with this project. Also, if you want to advance this requirement prior to the procurement process or concurrent to the RFQ/RFP.

Shaloo Sobti
